The snow on last Sunday did much damage to fruit and forest trees, and the damage to the wheat crop cannot now be estimated, as the weight of the snow pressed it flat to the ground and broke the stem so as it cannot straighten up again. The C. & O. R. R. Co., have arranged with the Water Works Company for 20,000 cubic yards of dirt, and the Water Company have run a switch into their reservoir so that the dirt will be put into the cars with one handling. This dirt will be used in making fill on the railroad line running through the farm of J. O. Embury. WHERE SUMMER BREEZES BLOW.

Would you fly if you could
To a glen in the wood,
To a spot in the shade
That nature hath made;
Rich with ferns and wild flowers.
One of nature's fair bowers?

What is life to the soul
If to labor is all?
What a joy to the heart
When for rest we depart
To the woods and the dells.

Does your heart cry for rest
In a place that is best,
With no shadow or sorrow
Nor care for the morrow?

If so send your address for a list of "summer tours," published by the Chicago, Milwaukee & St. Paul Railway.
